XL Angus at Seneca, MO disperse privately their registered Angus cow herd

- This herd is the result of 30 years of intense performance and selection pressure
- Many of the cattle are the product of artificial insemination, and most of the females are bred back to AI bulls
- Complete performance data is available on all of these cattle
- The cows may be purchased individually or in their entirety
- The females selling include 24 spring pairs, 32 fall calving cows and 11 spring calving cows
- Also selling are one herd bull and a great selection of high quality yearling and 18 month old bulls
- All cattle are current on vaccinations.
- For additional information, call **Jerry Pyle** at **(417) 437-9193**
